Riyadh, Saudi Arabia

PROFESSIONAL SUMMARY

With over 20 years of experience in creative strategy, data visualization, and multimedia leadership, I specialize in transforming complex data into intuitive, revenue-driving digital solutions. My background spans programming, IT, eLearning, and managing large-scale multimedia projects for industry leaders such as Aramco, SABIC, and STC. I bridge the gap between technical operations and executive strategy by delivering UX/UI systems, Power BI dashboards, and high-impact brand experiences that elevate corporate messaging and support strategic decision-making. Passionate about innovation and mentoring creative teams, I consistently drive operational excellence, enhance digital identity, and maximize ROI through cutting-edge technologies and CMMI-aligned workflows.

WORK HISTORY

04/2025 – Present
Riyadh, Saudi Arabia

Chief Art Director Specialist | Branding & Identity Consultant
SABIC Company

As part of the Board Affairs team, I drive the development and design of high-level executive presentations, strategic reports, and board materials that support critical decision-making. My role focuses on transforming complex corporate data into clear, visually compelling content tailored for C-level leaders and board members.

Key contributions include:

- Designing end-to-end presentation materials for board meetings, strategy workshops, and executive reviews.
- Enhancing the visual communication of governance KPIs, financial reports, and transformation projects.
- Collaborating cross-functionally to align business insights with corporate strategy.
- Supporting high-profile internal communications and leadership initiatives.

This position strengthens my passion for blending design thinking with corporate storytelling to drive engagement and clarity at the highest levels of the organization.
